All Shared Ownership homes are subject to eligibility criteria and a financial assessment by a recommended mortgage broker. The suggested income on the pricelist indicates our recommendation of the household income required to purchase, however applicants on a lower income may be able to secure a property but will need to contribute a larger deposit than the amount quoted above. The 25% share percentage quoted is a guideline and may vary according to individual circumstances.

\*Anticipated household income is based on a 25% share being purchased with a 5% deposit, a mortgage with a 25-year term and example interest rate of 5.25%. Please note these figures are an indication only and will vary according to personal circumstances. Your home is at risk if you fail to keep up repayments on a mortgage, rent or other loan secured on it. Please make sure you can afford the repayments before you take out a mortgage.

Lease Term 990 Years. Prices correct as of April 2025
