All Shared Ownership home sales are subject to eligibility criteria and a financial assessment by a recommended Mortgage Broker. The suggested income levels on the pricelist indicate our recommendation of the household incomes required to purchase; however, applicants on a lower income may be able to secure a property but will need to contribute a larger deposit. (i.e. where you have higher savings, your household income can be lower than the figure quoted in the above). The 25% share percentage quoted is a guideline and may vary according to individual incomes and circumstances. Charges include buildings insurance, estate management and a management fee. All figures are estimated and subject to change. Minimum income is based on a 5% interest rate and 25 year mortgage term. \*Anticipated Household income is based on 10% deposit and no other financial commitments. Your home is at risk if you fail to keep up repayments on a mortgage, rent or other loan secured on it. Please make sure you can afford the repayments before you take out a mortgage. Please note these figures are an indication only and will vary according to personal circumstances. Lease length 240 years.
